

Law Firm Web Design; Before & After

CASE STUDY

Overview

Law Firm Web Design Strategy

Top reasons law firms pursue a website redesign...

1. Your website design is out-of-date
2. Your site is not mobile-friendly
3. Conversions are way down
4. You recently updated your branding and/or logo
5. You're not ranking well on Google
6. Pages take too long to load

Before & After Case Study

Does Your Law Firm's Website Need An Update?

ASK THESE QUESTIONS...

- Are you happy with your website conversion rates?
- Is your website design more than four years old?
- Does your site function seamlessly across all devices?
- Have you recently updated your logo or branded assets?
- Is your site showing up for selected keyword searches?
